

Wine Tastings

at Dryhill in the heart of the Cotswolds

With Tracey Bird

I am a freelance consultant making wine tastings fun and informative with the flexibility to suit all budgets and formats. I have been working in the wine industry for 8 years and have partnered with **Dryhill** to offer their guests a wine tasting experience.

Having studied with the WSET, attained a distinction at the advanced level, I went on to a scholarship at the Bordeaux Wine School.

- I can tailor a tasting to small or large groups; from one to ones, small parties and larger societies.
- Tastings can be themed to a grape, country, style or left more open.

Of course, costs vary but I like to budget between £300-400 for small groups.

We can discuss this in more details depending on number of guests, wines and their cost bracket. What do you need to supply? Just your good selves! I can supply everything - wine, glasses, spittoons etc.

Give me a call or drop me an email and we can talk your ideas through.
